Part III DETAILED ACTION

1. Claims 1-14 are provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims of copending Application No. 10/608,378. Although the conflicting claims are not identical, they are not patentably distinct from each other because they are directed to the same invention.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Furthermore, there is no apparent reason why applicant was prevented from presenting claims corresponding to those of the instant application during prosecution of the application which matured into a patent. See *In re Schneller*, 397 F.2d 350, 158 USPQ 210 (CCPA 1968). See also MPEP § 804.

Conclusion

2. Applicant's arguments, with respect to the rejection(s) of claim(s) 1-14 under Benson have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. Applicant(s) acknowledge(s) the provisional rejection on the ground of nonstatutory obviousness type double patenting over co-dependent Application No. 10/608,378, however, there aren't any arguments with respect to this rejection, therefore, the rejection is maintain and made final.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gabriel I. Garcia whose telephone number is (571) 272-7434. The Examiner can normally be reached Monday-Thursday from 7:30 AM-6:00 PM.

Art Unit: 2625

by facsimile rather than mailed, the reply must be sent to the Central FAX Number.
